

## Meet Racing Legend Bobby Unser at AOPA Expo With Anywhere Map!

Pittsburg, KS – Friday, September 08, 2006  
Anywhere Map announces that racing legend Bobby Unser will be in the Anywhere Map booth at AOPA Expo 2006 signing autographs and meeting with attendees.

Bobby Unser is a man who knows the need for speed. He has 3 Indianapolis 500 wins, 35 Indy car wins, 2 USAC Championships, 4 California 500 wins, and 13 Pike Peak wins under his belt. He and his wife, Lisa both fly a gorgeous Piper Aerostar and a Cessna Skylane. The Unsers have the Anywhere EFB system running on a Motion LS800 tablet computer.

“We’ve turned into absolute weather junkies”, says Lisa Unser. “Seeing the weather nearby and across the country is fantastic.” Bobby continues, “We flew our Skylane home from North Carolina to New Mexico and the Anywhere Map system showed us a corridor all the way across the country.”

“We’re delighted to have Bobby and Lisa Unser work with us”, says Tom Reed, VP Operations at Anywhere Map. “They use the system the same way many of our other customers do – as a flight management tool. Even though the Unsers have sophisticated certified avionics in their aircraft, Anywhere Map’s simple flight plan management makes weather avoidance strategies a snap.”

Now even more customers can take advantage of Anywhere Map and the Motion LS800’s large screen by using the high-altitude version, Anywhere *SST* solid state tablet. It uses an altitude-tolerant 8Gb solid state hard disk.

AOPA Expo is in Palm Springs, CA this year on November 9-11. The Anywhere Map booth (#2224) will be open Thursday and Friday, November 9 and 10<sup>th</sup>, closed on Saturday. Check out [www.anywheremap.com](http://www.anywheremap.com) for details and times that Bobby will be in the Anywhere Map booth each day.

For more information contact Tom Reed, VP Operations.
